

HONOR ROLL *of* DONORS

RINEHART FOUNDATION

ALUMNI REPORT 2007

*R. Wayne Thompson,
DDS '67, MS '72
Chair of the Rinehart
Memorial Foundation*

The dentists listed in the Donor Honor Roll reflect a compassionate, dedicated spirit for returning the value of their dental education. Many Honor Roll members are the family, friends, corporations, foundations and associations motivated by the noble cause of supporting dental education. Your gifts of time, talent and money are a major asset of the UMKC School of Dentistry. The ROY J. RINEHART MEMORIAL FOUNDATION serves as the legal instrument that provides student and faculty scholarships, promotes local and international community service, contributes to dental school infrastructure, funds departmental chairs and other activities in the professional dental community. The synergism of donor gifts and the Rinehart Foundation's goals creates one of the finest dental learning experiences in the United States. On behalf of the Rinehart Foundation and the UMKC School of Dentistry, I thank you for your generous support.

20th OPENING DAY

Dedicated to Dr. John Haynes

For the 20th year in a row the UMKC School of Dentistry organized an outing to the KC Royals' opening baseball game. This year, though, the 300 students, faculty, alumni and friends cheered for more than just the Royals. They showed their appreciation for Dr. John Haynes (DDS '60, MA '71), the founder and guiding force of this annual tradition, by wearing t-shirts that read "Dr. John Haynes Opening Day." The event was sponsored by the UMKC Dental Alumni Association and Procter & Gamble/Oral-B, and catered by Jack Stack Barbeque.

Cynthia Amyot (DH '92, MS '93 EdD '03) has been named director of Distance Education and Faculty Development at the UMKC School of Dentistry. Amyot has served on the dental hygiene faculty since 1992 and as director of the Division of Dental Hygiene since 2001.

Over the past few years, Amyot has been instrumental in helping the Division of Dental Hygiene develop and implement two distance-learning degree programs. Students anywhere in the United States can enroll in a Distance Education Bachelor of Science Degree Completion Program or a Distance Education Master of Science Degree in Dental Hygiene Education Program (the only program of its kind in the country).

As director of Distance Education and Faculty Development, Amyot will use her experience and expertise to help other faculty members develop curriculum that incorporates new technologies. "UMKC is not alone in pursuing ways to apply new technology to teaching," explains Amyot. "In 2004 the American

Dental Education Association formed the Commission on Change and Innovation in Dental Education. They're doing amazing work in fostering dialogue and generating ideas from across dentistry and dental education. Incorporating technological innovation in curriculum is a challenge throughout dentistry. In fact, I attended a global conference on dental education in Dublin, Ireland, in September. This is a very exciting time to be a dental educator."

For more information about UMKC's dental hygiene distance education programs, visit http://dentistry.umkc.edu/bec_student.

CLASS SCHOLARSHIPS

The DDS Classes of 1956, 1957, 1978, 1982 and 1991 received Rinehart Medallions at the Rinehart Recognition Breakfast on Saturday, March 17, 2007, during the Midwest Dental Conference. They joined the ranks of reunion classes that have raised \$10,000 or more to endow scholarships named after their graduating class. In all, 38 classes have endowed scholarship funds. Through their generosity the UMKC School of Dentistry is able to award thousands of dollars of financial assistance to deserving students.

The Class of 1965 has established 3 separate funds: Class of 1965, Class of 1965-David Moored Teaching Excellence Award and the Class of 1965-Steve Barber Challenge. The Class of 1987 includes the Annual Cruz Lecture
