

Receive a
\$50 credit
toward your treatment

Refer a Friend to UMKC School of Dentistry

How it works:

- Tell your friends and family about our school and quality care
- Have them call **816-235-2100** for a screening appointment
- When your friend/family members come in for their screening appointments, our faculty will ask if they were referred by a current patient (that's you.)
If the person you refer is accepted for treatment in the student clinic, you will receive a \$50 referral credit good for treatment only (no cash)*
- Make sure your friend/family member gives your name to the screen faculty. Referral credit is only given on the day of the screening appointment.
- The screening doctor will notify Patients Accounts where \$50.00 credit will be added on your account, used to pay for treatment

*Patients must be accepted for our student clinic. You may refer multiple patients for additional \$50.00 credits to your account, up to 4 people. This offer expires May 1, 2020.
